

*Bradley C. Birkenfeld*

**Dear UBS shareholders, UBS clients, UBS employees  
and Swiss taxpayers :**

*My name is Bradley C. Birkenfeld. You may know that some years ago, I risked everything in my professional career to expose the illegal conduct of UBS. The consequences of my actions were historical and they have changed Swiss banking forever. This was not motivated by money nor notoriety nor personal gain. My unprecedented actions as a Director at UBS in Geneva, Switzerland were done to expose the waste, fraud and corruption ingrained at UBS.*

*On March 15, 2021, I attended the UBS appeal in Paris, France as well as the UBS trial in Paris, France in 2019. I also gave sworn testimony and provided many UBS documents for this tax evasion and money laundering case to the French Magistrates in Paris, France in 2015. I am very well versed in the illegal conduct of UBS, the covert strategies they implemented and the UBS bankers' aggressive tactics in France.*

*No matter what your personal opinion is of me and my actions, it is undeniable that I single-handedly brought about much needed change to Switzerland's banking industry run by a corrupt system condoned and perpetuated by politicians, judges, regulators, accountants, lawyers, trustees and bankers. This must STOP!*

*UBS shareholders continue to bear the massive financial burden of extensive multi-million dollar fines and penalties imposed upon UBS (along with astronomical legal fees) for its continued illegal conduct around the world — why? And why must Swiss taxpayers continue to be the ones to pay for the criminal activity of UBS (as these multi-million dollar fines and penalties may be claimed as tax write-offs in Switzerland)? This must STOP!*

*I strongly suggest everyone reading this article to familiarize themselves with the facts and not be influenced by unsubstantiated rumor, biased reporting or clear falsehoods perpetuated by UBS and their lawyers. It is time for the UBS shareholders and Swiss taxpayers to say enough of these nefarious acts and the increased economic costs and reputational risk placed upon the Swiss people and their country.*

*Respectfully,*

*Bradley C. Birkenfeld
